ANNEX I – Instructions to Offers

These instructions contain general guidelines and instructions on the preparation, clarification, and submission of Proposals.

A. INTRODUCTION

1. General

The purpose of this Request for Proposal (RFP) is to invite Sealed Proposals for professional services to be provided to the United Nations Educational, Scientific and Cultural Organization - UNESCO.

2. Eligible bidders

Bidders should not be associated, or have been associated in the past, directly or indirectly, with a firm or any of its affiliates which have been engaged by UNESCO to provide consulting services for the preparation of the Terms of Reference, and other documents to be used for the procurement of services to be purchased under this Request for Proposal.

This bid is open to all national and international suppliers who are legally constituted, can provide the requested services. Bidders are ineligible if at the time of submission of the offer:

(a) The bidder is on the exclusion list published on the global portal for suppliers of the United Nations Organization, (http://www.ungm.org) due to fraudulent activities.
(b) The name of the bidder appears on the Consolidated United Nations Security Council Sanctions List which includes all individuals and entities subject to sanctions measures imposed by the Security Council.  
(c) The bidder is excluded by the World Bank Group.

3. Fraud and corruption

UNESCO requires that bidders, contractors and their subcontractors adhere to the highest standard of moral and ethical conduct during the procurement and execution of UNESCO contracts and do not engage in corrupt, fraudulent, collusive, coercive or obstructive practices.

For the purpose of this provision such practices are collectively referred to as “fraud and corruption”:

- “Corrupt practice” is the offering, giving, receiving or soliciting, directly or indirectly, an undue advantage, in order that the person receiving the advantage, or a third person, act or refrain from acting in the exercise of their official duties, or abuse their real or supposed influence;
- “Fraudulent practice” is a knowing misrepresentation of the truth or concealment of a material fact aiming at misleading another party in view of obtaining a financial or other benefit or avoiding an obligation, or in view of having another party act to their detriment;
- “Collusive practice” means an arrangement between two or more parties designed to achieve an improper purpose, including influencing improperly the actions of another party;
- “Coercive practice” means impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party.
• “Obstructive practice” means acts intended to materially impede the exercise of UNESCO’s contractual rights of audit, investigation and access to information, including destruction, falsification, alteration or concealment of evidence material to a UNESCO investigation into allegations of fraud and corruption.

• “Unethical practice” means conduct or behaviour that is contrary to Staff or Supplier codes of conduct, such as those relating to conflict of interest, gifts, hospitality, postemployment provisions, abuse of authority and harassment.

UNESCO expects that all suppliers who wish to do business with UNESCO will embrace the United Nations Supplier Code of Conduct

UN Agencies have adopted a zero tolerance policy on gifts and therefore, it is of overriding importance that UNESCO staff should not be placed in a position where their actions may constitute or could be reasonably perceived as reflecting favourable treatment of an individual or entity by accepting offers of gifts, hospitality or other similar favours. Vendors are therefore requested not to send or offer gifts or hospitality to UNESCO personnel.

UNESCO will:

• Reject a proposal to award a contract if it determines that a vendor recommended for award has engaged in fraud and corruption in competing for the contract in question.

• Cancel or terminate a contract if it determines that a vendor has engaged in fraud and corruption in competing for or in executing a UNESCO contract.

• Declare a vendor ineligible, either indefinitely or for a stated period of time, to become a UN registered vendor if it at any time determines that the vendor has engaged in fraud and corruption in competing for or in executing a UNESCO contract.

Any concern or evidence that corruption or fraud may have occurred or is occurring related to a UNESCO contract shall be forwarded to the Office of Internal Oversight. Please refer to how-to-report-fraud-corruption-or-abuse.

Evaluation of the price proposals (of all Offerors who have attained minimum 70 % score in the technical evaluation) will be based on the weight scoring method as follows:

- Financial proposals are opened and list of prices is prepared, where the lowest price is ranked as the first one (receiving highest amount of points) and the most expensive as the last one (receiving the least amount of points).
- Lowest price is given maximum points (e.g. 300), for other prices the points are assigned based on the following formula: \[ \text{Amount of points} = \frac{\text{lowest price}}{\text{other price}} \times \text{total points obtainable for financial proposal} \]

An example:
- Offeror A – lowest price ranked as 1st in the amount of USD 10,000 = a
- Offeror B – second lowest price ranked as 2nd in the amount of USD 15,000 = b
  Points assigned to A = 300 & Points assigned to B = 200 (following formula: \( \frac{10,000}{15,000} \times 300 \) i.e. 10,000/15,000 * 300 = 200 points)

**F. AWARD OF CONTRACT**

24. Award criteria, award of contract

UNESCO reserves the right to accept or reject any Proposal, and to annul the solicitation process and reject all Proposals at any time prior to award of contract, without thereby incurring any liability to the affected Offeror or any obligation to inform the affected Offeror or Offerors of the grounds for such action.

25. Purchaser’s right to vary requirements at time of award and to negotiate

ANNEX III – Terms of Reference (TOR)

Strengthening of Sexual and Reproductive Health (SRH) Education and Social Protection Support Systems of Vulnerable in- and out-of-school youth

1. Background and Justification

UNESCO Dar es Salaam is implementing a UN Joint Project, “Empowering adolescent girls and young women through education in Tanzania” supported by KOICA. A component of the project aims at strengthening sexual and reproductive health (SRH) education and social protection support systems of vulnerable in- and out-of-school youth through increased access to quality, age and cultural appropriate SRH information and services, as well as other social protection support systems.

The initiatives will be implemented in four selected districts of Kasulu, Sengerema, Ngorongoro in Tanzania Mainland and Mkoani district in Pemba. The initiative aims at engaging health actors and facilities in improving public outreach role by including youth centers in their programmes. In that regard, training of health official in adopting youth-centered training will improve their capacity to provide youth friendly services. In addition, given the scarcity of government Health Officials, traditional birth attendants and transition rites performers will be sensitized and trained by the formal peers, to get a better understanding in SRH issues based on scientific accuracy. Training of Trainers (TOT) modalities will be used to help strengthen functional and collaborative synergies between the formal and the traditional health provision.

Furthermore programmatic linkages between youth clubs and girls’ safe environment platforms in- and out-of-school with other social protection and health programmes will be reinforced. The proposed activities will be centered around the establishment and strengthening of youth enters for out-of-school youth and development of synergies between youth centers and associations, public health centers and other services.

A call for proposal is open to specialized organisations with extensive experience in implementing SRH related projects in Tanzania to submit applications based on these TORs to support implementation of this initiative.

2. Expected Outcomes
